

At Lakeside, we welcome people who affirm faith in Jesus to partner with us in our mission and vision. Partners of Lakeside are those who often say, *"This is my church."* Partners make a commitment with one another in order to live into the mission and pursue the vision to Share Life, Pursue Jesus and Change the World. In a digital world, we recognize people who worship online, join together through digital spaces, and desire to partner with the mission and ministries of Lakeside. We want to honor our community who worships digitally both near and far.

Digital Partnership At Lakeside

Online Partnership is for those who desire to move from ***spectator—to—participant*** in the ways we gather online. Through online platforms and virtual gatherings, God continues to provide opportunities to create an authentic expression of His church—in a digital age.

As Digital Partners, Lakeside is committed to providing opportunities to engage in worship, online small groups, prayer support and growing access to help people online connect with in-person events when possible. Partnership is about a relationship and a commitment to community wherever you connect digitally. While in-person Lakeside Partners influence and give voice to congregational matters of budget and pastoral searches and hires, Digital Partners influence and give voice to matters that are focused on the online experience. You are valued and you matter to us at Lakeside!

Becoming a Digital Partner At Lakeside

By God's grace, we seek to live lives in a manner consistent with the standards of biblical teaching, including the support of this congregation in attendance, prayer, service, and giving, in order to live lives in word and deed that are an encouragement to others—to know and be like Jesus Christ, and reflect in all relationships the servant love of Jesus.

Partnership at Lakeside is open to people who...

- a. have said YES, in faith, to a personal relationship with Jesus
- b. have gone public with their faith in Jesus through baptism (*as an infant or believer*) or on a journey toward one day being baptized.
- c. desire to live in a manner consistent with the standards of biblical teaching, and promise to faithfully support Lakeside by giving sacrificially and engaging in online community and supporting the priorities of Lakeside Covenant Church.

Partner Commitment

If your desire is to partner with Lakeside, ***please fill out the digital form found on the Lakeside Connect page under Digital Partners.***
